June 2023

SEVENTH ANNIVERSARY

This month our church “Dios de Amor” (God is LOVE) celebrated its seventh anniversary by having two church services over the weekend. On the Saturday night 3 churches were invited to attend, and we had a Guest speaker, Pastor Israel Marraquin. Pastor Israel and his wife Brenda are two godly people who visit quite often to our church to teach and encourage not only the congregation but also our pastor and myself. On the Sunday morning two babies were presented to the church and received prayer. Also, our leadership were presented with certificates of gratitude for their service. Both evenings were finished by a typical Guatemalan meal. It was good to see Globe missionaries Joe and Karin Bedford visiting us. I look forward to what God has planned for the next seven years, but somehow believe the Church of God will be raptured out of this evil world.

INDIA

I am sure some of you will recall my four visits to India where I helped Pastor Trilok to set up a Bible School and a new church building. Sadly, he received a visitation by the police and a group of radical Hindus who threatened to kill him and his family unless he stops his church services. He has taken these threats seriously as pastors and families have been murdered in this northern part of India. For the time being they are holding different home groups each night of the week. The

Lord warned us that in the End Times we would have tribulation, and this is what is happening not just in India but in many parts of the world. I ask you to please pray for pastor Trilok and his family that they will soon be able to commence their church services once more, although he doubts that will happen. He had already started work on a new church building that has now been put on hold.

HEALTH

At the end of May I had a procedure of infusions into my spine to help ease the pain. I have had a number of these over the years and had reasonable success. However, this time it went horribly wrong, and I ended up in a worse condition than before. All that was left was to see a Christian neuro specialist who saw the problem on my spine but said an operation would be very long and many risks which outweigh any success. My pain has also brought on stress which has led to me to have a number of minor heart attacks (extrasystoles), which are extra heart beats which interrupt the normal regular rhythm of the heart. Believe me, it is painful, but my faith has not altered and will never alter as my God is great and I still believe that He can heal me. The enemy has no rights to me as I am a child of God. Psalm 23 says that "He restores my soul" and I believe that with all my heart and will not surrender to satan. Please keep me in your prayers as there is still much to do in this corrupt country.

PROJECT KARIN

The latest information on 9-year-old Karin is that the hospital has stopped its chemo treatment on her. Her parents Eddy and Anna who have two other children are making Karin as comfortable as possible, and with your help they have been able to purchase pain medicines. They have asked me to pass on their grateful thanks for all the prayers and the financial support. You have also given generously for them to have a concrete roof and a verandah on their tiny house where Eddy can carry out his work as a carpenter. Believe me, we are having an unusual heatwave in the 28-30c and having a metal roof is torture!

PRAYERS

1. For a mission couple to hear the call, to come and join me here.
2. My health
3. For safety. Guatemala has a great problem with Narcotic gangs.
4. Funds needed for "Helps Fund."

God bless you all.
