MISSION FIELD

When we first received the call from God to be missionaries in Guatemala, I never expected to stay no more than two years. Back in Germany we had a beautiful house in a village, and a pond with ducks that we used to feed each day. Every year a stork would visit us. It was paradise, and I could not be happier with life. BUT..... God had other plans and here I am a widow and THIRTY YEARS later, having visited Greece, Albania and ministered in India. All by His grace, I continue to do His work (at a slower pace) until the Lord takes me home. I want to thank YOU my supporters for your support financially and prayerfully over the years, that you have stood by me in good and bad times. You are a true blessing to me.

CHURCH

The church continues to grow spiritually and in size. This month one of our member's father, who was an alcoholic received Christ as his Lord and Saviour. The incredible change from one day to the next that Alfredo had, that he was completely healed of alcoholism. Last year his son Wilfredo was saved in the same circumstances. Our God is a God of miracles. We all know about the sheer evilness of Hamas against the Israelis, and on Sunday 8th of October we dedicated our church service to Israel. Later in the afternoon, our team went out onto the streets evangelizing and flying the Israeli flag. Please keep Israel in your prayers.

STRIKE AND MANIFESTATIONS

For the past sixteen days Guatemala has been brought almost to a standstill with daily manifestations of thousand upon thousand of people blocking every single highway and the main airport. Schools have shut down and many people are without proper food as no transport is allowed through except ambulances (one that I was in) and doctors. The Guatemalans have called for two people to stand down from their positions of power, one being the country's highest paid, corrupt judge. The president that has officially elected, and takes power on 1st January 2024, surprised many people, especially the corrupt people in Government. He has promised to rid the government, police force and narco mafia of such people. There is great food shortage, and prices have risen tremendously. I am helping many families to be able just to buy the basic goods, but it is costing a lot of money. If you want to help, please mark any donation "14-Food." Thank you in advance.

HEALTH

Since the last newsletter, I was once more taken into hospital suffering with non-stop vomiting. This time thorough examinations were done, and it was found that I have BRG which is Gastritis Reflux a form of inflammation of the stomach. Also, that my small intestines have narrowed down in size. Specimens have been sent for further examination, and I wait for their results, but the specialist told me that there is no cure. Now that you know more about my insides than me, I ask for your prayers, as I truly believe that God can heal me completely.

PRAYERS

1. My health and medicines.
2. Israel
3. Funds needed for "Helps Fund." This empties quickly!

God bless you all.
