## CHURCH

They say that church buildings are the most seldom used of all buildings and sometimes it is understandable why. I am happy to report that we use ours at least five times weekly. On top of our twice-a-week church worship service, the building is used for Music Group Practice, Men’s Group, Women’s Group, Youth Group, and different courses throughout the year. The weekly Home Groups are held in different houses.

**Time for prayer**

**A good cup of Guatemalan Coffee**

**Men’s Group**

**Miriam teaching new dance students.**

## REST & MINISTRY

Last month I said I was going to take a month’s rest! I should have realized that after thirty years of missions work it is almost impossible when there are so many needs to be met. I want to share with you this story.

**Filipe & Filipa:** This couple are from the last church I ministered with, and I am sure some of you who have

visited Guatemala will know them very well. Filipe has a tiny piece of land where he farms black beans. Because of above-average temperatures the crop died which was their main income on which they live. Last year I found out that they would often go without food for a day, and even when they did eat, sometimes it was just tortillas. Both have helped me tremendously each time we had a group visiting Guatemala, but that would also mean a week away from his work. Filipa now has problems with her legs, but that does not stop her

walking over a mile to get to church twice a week. I have been able to help them now and again from our Helps Fund which you donate to.

### **SOUND OF FREEDOM**

Guatemala and other countries of Central America are known countries where children are stolen or sold for sex or their organs. My daughter, Paula Antonia takes her son Jeffrey to and from school each day and never allows him out of the streets alone. Paula commented that the parents are extra-protective over their children and teachers will not allow the children out of the school until parents arrive to collect them. Sadly, that is life here in Guatemala and all we can do is pray that this evil trade that is now overtaking the drugs trade is brought to a halt. If you have not seen the film, "Sound of Freedom", I really suggest you do!

### **END DAYS**

*Luke 21:11 NKJV "And there will be great earthquakes in various places, and famines and pestilences; and there will be fearful sights and great signs from heaven."* This country often gets earthquakes, but lately they have been increasing. In the past month alone, Guatemala has had 18 quakes of magnitudes up to 4.5, two of which have made our house shake and leave lamps swinging. Forest fires (over 1150 active fires) are so out of control that the President declared a "State of Emergency." Even the forest on the Volcano Agua (Water) close by was burning for over a week. The Volcano Fuego (Fire) also next to us has been blowing as usual about eight times every hour, and we are praying it does not worsen. But in all this, we can look up and know that God is still in complete control.
