“And the LORD blessed the latter days of Job more than his beginning.” Job 42:12

Dear friends,

Many things in the life of Job are indeed difficult to understand. We are left with quite a few open questions, but the beauty in it is that God has always prepared “a little more” for us. And so, we would like to share our experiences with you.

Our compound: As many of you know, our central heating system was damaged beyond repair last fall. Through the wonderful grace of God and many of you donating, we were able to buy a **new central heating system** at the beginning of winter. It works wonderfully (consuming much less wood) and we were even able to fix **warm water pipes** on the roof, which means that we will have warm water throughout the summer, using the heat of the sun. We are very grateful to God and all donors! God even provided a **new water pump**, because the two older ones were broken.

Our new central heating system

We are also grateful for our Helga (**our new cow**). Gerlinde, our old faithful cow suddenly died from severe bloating caused by eating too much alfalfa. That was a huge loss for us. After waiting for several months, God gifted us wonderfully, so that we not only have enough milk to make cheese, but a little calf as well.

Leda, **our young horse** is presently learning to pull the cart next to her Mama and she is doing well – although she tires easily.

Guests: This year we already had **three former missionaries** visiting us, which makes us very happy. **Heidi** – talked about her ministry in Thailand, **Marianne** was in Brazil and last weekend we had **Steffi Palla** with us, from our mission center in Hamminkeln.

Another gift from God - now we're warm up here, even though we're no longer using the central heating downstairs - thank you, Lord!!!

We're so grateful for the nice weather — sometimes rain, sometimes sun — which helps the vegetables thrive.

In our church: We are amazed and happy to see **new people** almost every Sunday. On the one hand we see the size of the harvest (we are contemplating on **how to extend our sanctuary**) – on the other hand **the serious war for each and every soul** is visible as well. We must rip the lost from the kingdom of darkness **through prayer and fasting** – **Only God's spirit** can do it, but he does it in cooperation with **our intercession!**

We try to involve all church members in **cell groups**, so they can really experience what it means to be a living part of the body.

Our Youth ministry: Experiences a lot of movement as well. They cook, play, sing and study the bible together every Sunday afternoon. We pray for depth and true conversion for those young people.

Our discipleship school: We had **three meetings** at the end of last and beginning of this year, where we trained and prepared our **young leaders** for the two weeks of **evangelistic outreach** that are scheduled at the end of June until the beginning of July in Fogarash and the surrounding villages. Thank you for your prayers on our behalf.

Prayer requests:

- At the end of June we will **evangelize** with a team from Germany for several days (this marks the end of our discipleship school). We want to reach people in Fogarash and the surrounding villages. Please pray for us!
- At the end of July our church is planning a **teenager camp**. Please pray for our youth group leaders (Bogdan and Malina from Cuciulata, the two brothers from Dacia, and Andrea). The thirty wild teens often challenge them (most of them are not Christians yet).
- **Solar panel project:** We have €7,700 left that were donated for our central heating. As our electricity bills have doubled over the last year and we have lots of power outages, we would like to install solar panels on our roof. The total costs amount to €15,000. If you would like to donate towards this project, we would be very grateful!

Our wish for you is that you may walk in God's destined ways, that you recognize His guidance wherever you are, and that you may enjoy His presence every day!!!

Love
Michael and Senta Müll
