CHALLENGEFARM.ORG

THANK YOU!

This newsletter is dedicated to **ALL** the individuals and teams who came to help us build our village (chapel, library, school, dorms, dining halls, kitchen, guesthouse, vocational workshop...), made benches and picnic tables, built a playground, painted walls and buildings, laid flooring, played with the kids, helped with the annual birthday party (with formal attire!), did VBS, crafts, and kids' camps, 5K runs (with children and staff!), took the kids swimming, did water baptisms at the nearby stream, taught about discipleship and obeying the Great Commission, held community outreaches with our kids, and spent days, weeks, and for some, years loving on all the kids and staff!

Years of hard work, sacrifice, teamwork, and innumerable labors of love have helped make our village what it is today.

Here are some of the photos taken of the base of our admin building, where, at the end of their visit, visitors and teams signed their names, did paintings, drawings, handprints, or footprints to mark their time at Challenge Farm! Such treasured memories!

We're in the process of constructing a concrete building with offices for our admin staff, headteacher, director, and a small boardroom. Although the old building was demolished to make room for the new, **ALL** that's been done to impact hundreds of children's lives is not forgotten! Kids' lives are still being impacted today by what was done even years ago! **Challenge Farm's ministry to these hurting children was built on YOUR labors of love! THANK YOU!**

IT'S IMPOSSIBLE TO INCLUDE PHOTOS OF ALL THE VISITORS WHO CAME TO BE A PART OF OUR STORY AND HELPED BUILD OUR VILLAGE! THERE ARE SO MANY THAT WE COULDN'T INCLUDE. BUT WE THANK GOD FOR EACH ONE!!

We invite YOU to bring a team to help us continue our story and touch the lives of hundreds more children!
