CHALLENGEFARM.ORG

"IT IS FROM A SMALL SEED THAT THE GIANT TREE HAS ITS ORIGIN." — AFRICAN PROVERB

THIS IS JOAB...

"I came to Challenge Farm in 2022. I was rescued after I had run away from school. When I joined Challenge Farm, I was placed in Grade 2. Now I'm in grade 4. I didn't know many things... now I'm able to read, do a few things for myself. I can shower well, wash my clothes and fold them.

Challenge Farm has rescued me from a lot of suffering...I'm grateful to God because now I read and write properly, and my discipline has improved. I also joined, and sing on the worship team on Sundays during the service. I'm working very hard in school because in the future I would like to become a doctor and help my society."

PRAY FOR THE CHILDREN THAT THEY WOULD BE LIKE MIGHTY OAKS! YOUR GIFTS AND PRAYERS MAKE A DIFFERENCE!

*"...They will be called oaks of righteousness
a planting of the Lord for the display of his splendor." — Isaiah 61:3*

MEET SANILER...

"I came to Challenge Farm in 2023 and joined grade 5, now I'm in grade 7. I'm indeed grateful to God because I have learnt several things that have made me a changed person...When I'm corrected now, I take it positively, because I've learnt it is because the teachers care and love us...I have also been taught how to be a responsible person. I'm now able to know right and wrong.

I'm grateful that Challenge Farm has provided for me basic needs – food, clothing, education and shelter. I'm grateful for the education I receive. I would like to become a doctor in the future so that I can help the sick. Above all I thank God...I'm now able to read my Bible and pray on my own."

"A PRECIOUS JEWEL IS FOUND IN A RAGGED BAG." — AFRICAN PROVERB

Centrine is one of our new children. She recently colored this beautiful picture. Such beauty from this little girl's heart! May Centrine be that light for all to see!!

Please pray for our children!

IN FEBRUARY, WE HARVESTED 1,285 POUNDS OF KALE!

Despite the hot temps we were able to irrigate our kale using an overhead sprinkler irrigation system. We also grew pumpkins, sweet potatoes, planted baby cabbages, and harvested honey. Our chicks laid 1,053 eggs, and our cows produced 201 gallons of milk!

MINI DORM UPDATE ~ The boys' mini dorm and bedding are fully funded!

As of March 31st, we still needed \$7,600. **We had no idea what God had planned!**

That morning, we learned of two additional gifts. A pastor from one of our supporting churches also asked what was still needed to fully fund the project: \$7,150. He had prayed and told the Lord they would send half of any surplus in March, to help finish the dorm. Their surplus was over \$15K, so a little less than half covered the \$7,150 needed! **God is amazing!**

We are incredibly grateful to each donor who helped fund this project! God has blessed our boys through YOU! We cannot wait to share photos of the finished dorm!

"Great is the Lord and most worthy of praise. His greatness no one can fathom!" Psalm 145:3

GOAL OF \$14,500

Mini Dorm and Bedding!

THANK YOU FOR SUPPORTING US AT CHALLENGE FARM!

LOVING AND REHABILITATING THE ABANDONED, ORPHANED, ABUSED, AND STREET CHILDREN IN KITALE, KENYA.
