Pius

CONGRATS CLASS 8 STUDENTS, THANK YOU TO OUR EDUCATION STAFF!

4 of our Class 8 students scored above average on the KCPE national exams! David scored an A-, placing him as the top student at the Farm. His hard work, determination, diligence, and discipline paid off! Congratulations to Britney (B+), Immaculate (B+), and Pius (B), and ALL of the students who worked hard and passed the exams!

A GLOWING TESTIMONY...!

Pius, one of the top students used to have chronic theft issues. He is now self-driven, obedient, assists with home chores, is resourceful, and can be relied upon! Pius has regained his family's trust and the trust of the neighbors. He was once looked at as an outcast who would never have positive behavior changes. We praise God!

Celebrating with David!

PARENTING TRAINING ... EQUIPPING AND EMPOWERING FAMILIES

We recently held parenting training at local primary schools in 5 different locations. The trainings help the parents/guardians gain and build on necessary parenting skills, and teaches them practical, effective ways/solutions to provide good care for their children. Topics include: positive parenting, and also touch on children's needs: physical, emotional, spiritual, social, and mental (intellectual and education). Our staff shared Biblical stories on hope, and entrepreneurship skills to help parents already in business or those aspiring to start, to run and sustain small-scale profitable businesses to help meet their families' needs.

A VERY SPECIAL TIME ...

One of the moms asking her daughter for forgiveness.

BEING RESOURCEFUL AT THE FARM!

We rented some extra acreage for a year to grow more vegetables, and feed for the cows. For the last 3 months, instead of letting it sit idle, we planted beans to help with the kids' meals. Total harvest = 1,168.45lbs of beans!

WHAT'S NEW AROUND OUR VILLAGE?

Teaching the kids manners – Thank You, Sorry, Excuse me, and Please!

We have a new calf at the Farm named Jeff!

Class 8 students lining up for prayer

Nicholas and Magdalyne welcoming visitors, Margaret Aim and former CF staff

Thank you HANESbrand, NC for donating cartons of hoodies for the kids!

SPECIAL THANK YOU!

THANK YOU River Oaks Community Church SALT ladies, Clemmons, NC for writing Christmas letters to the kids; **Liberty Church Blue Angel** ladies group for making valentine cards and to everyone who made and/or sent cards!

HAPPY VALENTINE'S DAY FROM THE CHALLENGE FARM KIDS!

Take The Challenge – **SCIENCE LAB FOR THE STUDENTS!**

One of the new school government requirements is a science laboratory for the Junior Secondary Class 7 students. We will convert one of our classrooms into a lab that will have tiled counters along the wall (w/taps and sinks), and locking cabinets underneath. The lab will have 2 tables for the students, a teacher's table, gas burners, and 30 lab stools. **Cost of materials and labor = \$1,496.00, 30 lab stools @ \$11.00 each.**

TAKE THE CHALLENGE! Give towards the lab or a lab stool! www.challengefarm.org, click the orange GIVE button, then TAKE the CHALLENGE fund. OR send a check payable to Globe, PO Box 3040 Pensacola FL 32516. Include a note: Science Lab. Thank you!
