"I HAD A DREAM ABOUT A SCHOOL IN KENYA..." BIBLES FOR THE NEW KIDS!

A new donor recently sent a gift for Bibles for the new children. His gift was prompted by a dream that he had, that was so vivid, he knew he needed to be sure each child had a Bible. This had never happened to him before. The dream was about a school in Kenya, where more new children were coming, and they needed Bibles. The week prior, the staff had just compiled a list of all the new kids who didn't have Bibles and were believing God for this miracle. **God is so good!!**
