## CONGRATULATIONS HIGH SCHOOL GRADUATES!

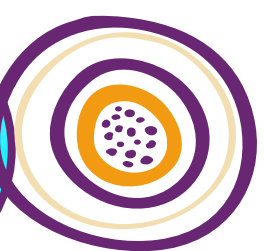

Ian

Dan

Linda

This is an extraordinary achievement for Ian, Dan and Linda! These are kids who were rescued, attended our very own primary school, and went on to high school. They have scored the required entry grades to attend university! Very few Kenyan children attain these grades. Ian scored A-, Dan scored B, and Linda C+. . We are so proud of them!

## JUNIOR AND HIS FATHER REUNITE...

One of the things that we love to see at the Farm is being able to reunite a child with a parent(s), grandparent(s), or an aunt or uncle who will provide love, good care, and a safe home for him or her. Junior and his father were recently reunited after many years of not seeing each other! Junior is part of our Program and is in Class 8 at our school. We're helping him through some tough personal challenges and preparing him for the national exams. Such a great reunion!

**Our Vision is for all Kenyan children to reside in safe and loving families, flourishing in their communities, equipped with skills for success, and the knowledge that they were created with value and purpose (Psalm 139).**

## HELPING OUR KIDS . . . HELPING OUR FAMILIES!

Providing solar lamps to our poor families struggling with lighting.

Families receiving a gift of sugar, tea leaves, cooking oil, and soap during a home visit assessment.

# WHAT'S NEW AROUND OUR VILLAGE?

A team from Christ of All Nations came to minister to the children and staff. Some of our kids and staff received Jesus as their personal Savior!

Friday morning school assembly at the flagpole.

Boys with big appetites! They are enjoying their lunch of beans and rice!

## *SPONSORSHIP ~ MAKING A DIFFERENCE IN A HURTING CHILD'S LIFE!*

Spread the word...help us get 20 children sponsored in celebration of Challenge Farm's 20th anniversary this year. Thank you!
