## CELEBRATING OUR SAVIOR!

**Christmas 2023! It all started with A Christmas Concert Play, our very own production starring the Challenge Farm kids! Christmas carols, dancing, and the message of Christmas filled our village...**

The children did great at memorizing their lines and the songs for the Concert Play that told the Christmas story. Following the Play all the kids enjoyed a special Christmas lunch of chicken, chapati, beans, rice, watermelon, bananas, coslow (coleslaw), cake, and soda. It was so special, even the tables were covered with tablecloths and decorated! You could see the joy on the children's faces! The kids were smiling from ear to ear!

Generous portions!

## GETTING READY FOR 2024

Special training for the staff to help each child heal & grow!

**Ahadi ya Msingi Bora Training (Foundation of a Better Promise) ...** Margaret Aim with Afrillift taught our counselors, teachers, and social workers different techniques in storytelling. Storytelling helps the children open up so the staff can better minister to them. They have also learned how to use puppets for trauma counseling/care.

### PPI TRAINING (Program for Pastoral Instruction) ...

The staff recently trained for the PPI Program in readiness for the 2024 school calendar. PPI is about *God's Heart for the Children Foundations (Making Disciples)*. The highlights, objectives or goals for the children will be to know God, love God, fellowship together with one another, honor God, and serve God. The curriculum is geared for each class (Class 1 thru Class 8). Community children also attend the lessons that are held every Friday morning.
