Vision

Strong and excellent praise and worship times in German churches will make devotion and love for God visible and audible. The heavenly reality will be released in the atmosphere so that people can experience an encounter with the power and glory of God.

Mission

Worship-Vocals wants to help singers in German churches to gain a spiritual foundation for their ministry as well as technical skills. In this way, we make an important contribution to the growth of the churches and the expansion of the Kingdom of God.

Dear worship friends

When I saw him, I fell at his feet as though dead. Then he placed his right hand on me and said: 'Do not be afraid. I am the First and the Last.

REV. 1,17-18

An eventful year for all of us is coming to an end. And as I write these lines, I find myself in a process of alignment.

More than ever before in my life, I feel a longing for God, a longing for his presence and revelation of him.

At Christmas, we especially remember the incarnate God, Jesus, as a little baby in the manger in the stable. At Easter we celebrate his resurrection and remember the crucified Jesus. I firmly believe that we have entered a time in which God wants to reveal himself as the King! The almighty King who sits on the throne. The mighty ruler who reigns with justice and grace. The Holy One!

When John fell down before Jesus as if dead, he had long known Jesus as a friend, a rabbi and a Savior. But when he met him in his glory, he could not stand still. No one in the world could. Jesus is the King of kings, the Lord of lords. He alone deserves worship. We will have to learn to fear God! Only when we have the fear of the Lord within us can we follow Jesus' words: "Do not be afraid." I believe that our corporate worship times in our services and gatherings will change. In worshipers across the country, I am observing and experiencing a greater striving and desire for revelation, sincerity, reverence and holiness.

I am paying a lot of attention to how I can help and support others in worship ministry. This has a lot to do with myself and my relationship with Jesus. I want to be ready for God's will in our time.

Dear friends, I wish you a peaceful Advent season, especially in these turbulent times! Jesus will come again! Are we ready to meet our King?

God's blessing and best regards

Tanja

Milestones! Give Thanks

I have trained three vocal coaches in the last two years. Hanna, my third student, will take her final exam in January. It gives me great pleasure to watch my trainees teach. They are really able to help singers overcome their limitations and solve problems. One of the most important things I have taught them is to listen to the guidance and direction of the Holy Spirit as a coach. The Holy Spirit often quickly reveals the true causes of vocal problems. As our Creator, God knows how the voice works, and He loves to reveal directions to us.

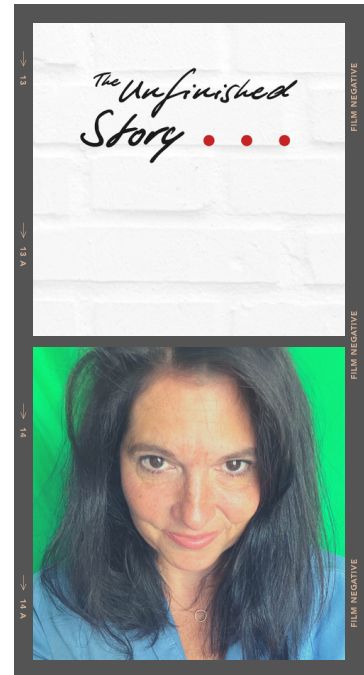

In September, I had the opportunity to participate in a world-class training on the anatomy and physiology of the voice. Next year I plan to start a one-year training program. I am totally thrilled and grateful.

Currently

Together with a great team, I am currently leading the Simply Mobilizing course entitled "The Unfinished Story" for the third time. This course aims to promote mobilization for mission. What fascinates me every time is the fact that we as participants and staff go on this journey together, even though we are scattered all over the globe. During the "DUG", my laundry room is transformed into a small film studio with a green background and all the necessary technical equipment. I love working with this team because we are called to be a blessing to others and I realize that every time I want to be a blessing to others, I am blessed myself.

Next steps

The workbook is now in its third edition. It will be more comprehensive, better and even more beautiful than before. I have worked a lot on the concept over the last few months. My wealth of teaching experience and further training have left their mark on me.

The next Worship Complete day training is planned for January. Day trainings are the heart of Worship Vocals. I'm really looking forward to this highlight.

Develop a strategy based on divine guidance. We are currently praying and seeking God's guidance. Because although there are numerous ways to advertise, be creative and work, we want to be guided by the Holy Spirit to make the right decisions.

Writing and publishing songs is always at the top of the list. My desire is to build a network, even an infrastructure, that makes it easy to publish songs. It is so important to me that everyone involved in a production has love for Jesus and worship on their hearts and are worshippers themselves. That is a high value. But I trust that God will provide this network.

Pray

Our Father in heaven, may your name be honoured.

May your kingdom come. May what you want to happen be done on earth as it is done in heaven.

Give us today our daily bread.

And forgive us our sins, just as we also have forgiven those who sin against us.

Keep us from sinning when we are tempted. Save us from the evil one.”

Matthew 6:9

Pray that we are ready to follow Jesus, to obey him no matter what! Decide to worship him in prayer, regardless of your circumstances.

Open doors in the churches. The understanding that singers in worship teams need training in terms of singing and the foundation is not yet universal.

Invest

We work with Worship Vocals on a fee basis. This income provides the financial basis for this ministry.

If you would like to invest in making the ministry of Worship Vocals strong and excellent in German churches, I would be happy to receive support in these areas:

Open ears and referrals. The need in German churches is great, but not many are aware of the opportunities that Worship Vocals training offers.

Production of teaching material (videos, vocal exercises and tutorials, workbook)

Information material about Worship Vocals

Production of new German songs.
